Doping Control

Swimmers are warned that random doping control may take place during these Championships. The Anti-Doping control / processes will be carried out in full accordance with the IPC Anti-Doping Code and the IPC Doping Control Agreement. More information can be found [here](#):

VENUE INFORMATION

All delegation members must have appropriate accident and health insurance accepted in order to compete. The LOC will provide only basic medical services in the venue.

No medical insurance will be provided to any of the participants. All participants are responsible for obtaining their own medical insurance (including Repatriation Coverage) and will be responsible for any medical expenses resulting from participation in the event.

CLASSIFICATION

At competitions where classification is offered, World Para Swimming will schedule all athletes based on NPCs submitted priority list pursuant with the below regulations.

An athlete will only be permitted to undergo International Classification if he or she:

- Is registered and/or licensed with World Para Swimming pursuant to the relevant provisions in the World Para Swimming Rules and Regulations;
- Has been entered into the Recognised Competition where International Classification is to take place; in minimum one 100m S event (Freestyle, Backstroke, Butterfly) **and** 100m SB event (Breaststroke) (swimmers with a physical impairment only) or 200m Freestyle or 100m Backstroke **and** 100m Breaststroke (swimmers with an intellectual impairment only)

Athletes with a Physical impairment (PI)

- Have submitted Medical Diagnostic information (Medical Diagnostic Form and supporting documents) to the Sport Data Management System (SDMS)
- PI MDFs must be uploaded at least 8 weeks before the athlete undergoes classification. Depending on the athlete's health condition and impairment, additional medical information is to be attached to the Medical Diagnostic Form. Medical Diagnostic Forms will be reviewed

by the Chief Classifier ahead of a competition and, if required, further information may be requested. If an athlete fails to produce sufficient medical documentation and the classification panel considers that the absence of such medical documentation will affect its ability to conduct Athlete Evaluation in a fair manner, classification will be suspended as per rule 30.1.2 of the World Para Swimming Classification Rules and Regulations (January 2018).

Athletes with a Visual impairment (VI)

- Have submitted Medical Diagnostic information (Medical Diagnostic Form and supporting documents) to the Sport Data Management System (SDMS)
- VI MDFs must be uploaded at least 6 weeks before the athlete undergoes classification.

Athletes with an Intellectual Impairment (II)

Prior to Athlete Evaluation, an Athlete must comply with the following eligibility criteria:

- Inclusion on the INAS Classification Master list
- Completion of the Training History and Sport Limitation Questionnaire (TSAL-Q).

Where a classification schedule is full:

- Athletes who are licensed will take priority over registered athletes
- At competitions where classification is offered, World Para Swimming will schedule all athletes with a New or Review status pursuant with the above regulations.
- If an Athlete is required to attend Athlete Evaluation, Athletes must arrive at the competition prior to the start of the classification period. World Para Swimming will schedule athletes in accordance with the classification period and not arrival dates of athletes. World Para Swimming WILL NOT entertain any request to change any athlete's classification times.
- If an athlete fails to attend Classification at the scheduled time, the Athlete will not be permitted to compete at the relevant Competition.
- Athletes should take note of the Athlete Evaluation Requirements outlined in Part 4 (Athlete Evaluation and the Classification Panel) of the [World Para Swimming Classification Rules and Regulations](#). Failure to comply with these rules may lead to the suspension of Athlete Evaluation.

Observation in Competition Assessment

- Athletes with a physical and intellectual impairment may be required to undergo observation in competition assessment (see article 14, Appendix One and Appendix Three of the World Para Swimming Classification Rules and Regulations).
- Note that in case the athlete wishes to be classified in the S sport class, the athlete may require observation in competition following the physical and technical assessment for this class, and for the observation to be completed, the athlete must be entered and swim at least a 100m distance in any S event or must swim in a SM event. The same applies if the athlete wishes to be classified for the SB sport class, with the exception of SB 1-3 sport classes, where observation assessment can be conducted over a 50m distance event. Lastly, if the athlete only wishes to enter an SM event, the athlete may need to be observed for the SB class and this cannot be conducted during an SM event (except to SB 1-3 sport classes). This applies to both athletes with a physical and athletes with intellectual impairment. Please take this into consideration when entering the athletes into events.

FILMING AND PHOTOGRAPHY POLICY

British Swimming are well aware of the wide range of devices including mobile telephones which have photographic and filming capabilities. This enables the capture of both static and moving images. It should be acknowledged that the majority of images taken within a British Swimming setting are appropriate and taken in good faith. However, images of children and adults can be misused, and sharing images widely without consent may betray a confidence or identify of a child or adult, which could present a risk of harm to that individual if common sense procedures are not followed.

Parents and carers of participants under the age of 18 who wish to take images are requested to focus on their own children as much as reasonably possible and to avoid including other children in images, particularly if those images are being shared with family and friends or through social media platforms. Whilst it is acknowledged that parents/carers wish to celebrate the achievements of their own children when taking part in aquatic events, it should be recognised and respected that other parents/carers may not wish for their child's image to be taken and shared in this way.

British Swimming encourage all spectators and participants at British Swimming events to make themselves familiar with the photography and filming arrangements for the event and be vigilant during that event.

British Swimming is committed to ensuring that all children who participate in British Swimming activities are able to take part in an enjoyable, safe environment and be safeguarded from harm. If you have any child safeguarding concerns at the event, please contact an Event Officer immediately to disclose your concerns.

Event Photography and Filming

This event **will be photographed and live streamed**. Static images will be displayed on the British Swimming website www.britishswimming.org. They will be used to promote the sport at this event and events in the future. Moving images may be displayed at the venue and via live stream at www.britishswimming.org. In addition, British Swimming may use these recordings and images for the purposes of education and training, swimmer analysis, promotion, performance, development and selection and event analysis.

In such instances where the event is being live streamed, it will not be possible to provide the option to refuse consent to filming and if there are any concerns, please speak to the Event Officer present. However if individuals wish to refuse consent to static photography, please complete the Photography Refusal of Consent Form below and return to British Swimming Events Department.

If you, as a Parent/Guardian/Carer, have concerns about your child being photographed/filmed, please refer to the relevant Home Nation guidance document: Wavepower the SE Child Safeguarding Policy and Procedures; YPlant the Swim Wales Child Protection Policy; Scottish Swimming Child Protection Policy. If you have any concerns in this area, please contact the Data Protection Officer.
