 - Wednesday, April 6, 2022 9:00am – 5:00pm

At competitions where classification is offered, World Para Swimming will schedule athletes with a New or Review status pursuant with the below regulations. Preference will be given to NPCs that submitted their prioritised classification requests for the 2022 season by the announced deadline.

An athlete will only be permitted to undergo International Classification if he or she:

- Is licensed with World Para Swimming pursuant to the relevant provisions in the World Para Swimming Rules and Regulations;
- Has been entered into the competition by the entry deadline;
- Has submitted Medical Diagnostics information (Medical Diagnostic Form and supporting documents) to the Sport Data Management System (SDMS) by the final entry deadline.

Depending on the athlete's health condition and impairment, additional medical diagnostic information may be requested at any time (as per article 7.6 of the World Para Swimming Classification Rules and Regulations, January 2018). If an athlete fails to produce sufficient medical documentation and the classification panel considers that the absence of such medical documentation will affect its ability to conduct Athlete Evaluation in a fair manner, classification will be suspended as per article 30 of the World Para Swimming Classification Rules and Regulations (January 2018).

Where a classification schedule is full:

- World Para Swimming will prioritise athletes based on the priority lists submitted by the National Paralympic Committees;
- World Para Swimming will have a discretion to distribute the number of classification slots per National Paralympic Committee;

- World Para Swimming will prioritise licensed athletes over registered athletes, and athletes with Sport Class Status New may take priority over those with a Review Sport Class Status

If an Athlete is required to attend Athlete Evaluation, they must arrive at the competition prior to the start of the classification period. World Para Swimming will schedule athletes in accordance with the classification period and not arrival dates of athletes. World Para Swimming WILL NOT accommodate any request to change any athlete's classification times.

If an athlete fails to attend Athlete Evaluation at the scheduled time, the athlete may not be permitted to compete at the relevant Competition.

If an athlete is classified Non-eligible (NE) or is designated Classification Not Complete (CNC) they will not be able to compete at the relevant Competition.

Athletes should take note of the Athlete Evaluation Requirements outlined in Article 2 and Part Four 4 of the World Para Swimming Classification Rules and Regulations. Failure to comply with these rules may lead to the suspension of Athlete Evaluation.

Observation in Competition Assessment

Athletes with a physical and intellectual impairment may be required to undergo observation in competition assessment (see article 14, Appendix One and Appendix Three of the World Para Swimming Classification Rules and Regulations).

Note that in case the athlete wishes to be classified in the S sport class, the athlete may require observation in competition following the physical and technical assessment for this class, and for the observation to be completed, the athlete must be entered and swim at least a 100m distance in any S event or must swim in a SM event. The same applies if the athlete wishes to be classified for the SB sport class, with the exception of SB 1-3 sport classes, where observation assessment can be conducted over a 50m distance event. Lastly, if the athlete only wishes to enter an SM event, the athlete may need to be observed for the SB class and this cannot be conducted during an SM event (except to SB 1-3 sport classes). This applies to both athletes with a physical and athletes with intellectual impairment. Please take this into consideration when entering the athletes into events.

ATHLETE SAFETY REQUIREMENTS

All U.S. participants in this competition are subject to the requirements outlined in the USOPC Athlete Safety Policy available at: <http://teamusa.org/USOPCAthleteSafetyPolicy>. Adult Participants are also required to be familiar with, and comply with the USOPC Minor Athlete Abuse Prevention Policies (MAAPP) available at: <http://teamusa.org/maapp>. Participating in our events also comes with certain responsibilities, such as requirements to report Prohibited Conduct, to include violations of the MAAPP, as outlined in Section 6 of the USOPC Athlete Safety Policy, as well as completing training as outlined below.

U.S. Center for SafeSport Training

All U.S. athletes (18 years and older), coaches, officials, and support staff requesting accreditation must complete, or have completed within the last calendar year, the U.S. Center for SafeSport's SafeSport™ Trained Core training, or applicable Refresher training course if they have previously taken the SafeSport™ Trained Core training. The training must be completed prior to arrival at the event and must be valid through the conclusion of the event. Please note, USA Swimming membership with SafeSport training that is valid through the conclusion of the event will be accepted.

If you are not in compliance with training, depending on the required course, it will take between 30 to 90 minutes to complete the training. Taking the SafeSport™ Trained Core or Refresher training is free for registered event participants. Please email Reagan Folaron if you need help accessing the training. You must submit proof of completion and expiration date of your most recent SafeSport training to Reagan Folaron at Reagan.Folaron@usopc.org by March 25, 2022, or at least two weeks prior to the event.

If you are a minor athlete, completing SafeSport training is not required, however, we recommend you work with your parent/guardian to take the free youth training course offered by the U.S. Center for SafeSport. The U.S. Center for SafeSport also has resources available to parents/guardians regarding abuse prevention in sport, to include the Parent Toolkit, and free online training. These resources, and information regarding the training for both minor athletes and parents/guardians is available at: <https://uscenterforsafesport.org/training-and-education/safesport-courses-for-all/>.

USOPC Background Check

All U.S. participants requesting a Team Staff accreditation for this competition are required to undergo a background check utilizing the National Center for Safety Initiatives as further described in the USOPC's Background Check Policy & Procedures (which can be viewed on the Team USA Athlete Safety Page at <https://www.teamusa.org/team-usa-athlete-services/safe-sport>) and Exhibit C. The background check must be completed prior to the start of competition. Any individual receiving a "Red Light" may be precluded by the

USOPC from participating in the competition. Please note, USA Swimming membership with a background check that is valid through the conclusion of the event will be accepted. Please submit proof of completion and expiration date of your most recent background check to Reagan Folaron at Reagan.Folaron@usopc.org.
